

COMPANY PROFILE

Musashi Inc. is the leading manufacture of Sensor Light in Japan for more than 35 years. We have about 65% share in Japan market for outdoor and indoor sensor light. All products are designed in Japan and manufactured in China under quality control of our company.

CEO MESSAGE

Aiming for Growth with Fun

Our company was founded in 1983 with the origin of the local industry of Miki City, a hardware manufacturing area.

Succeeded with grip type of tree pruner and put the performance on the track as 「Musashi as leading manufacturer of tree pruner」

After that in 90s' raising the products called Sensor Light up to the daily necessities of the Japanese home and now we are called 「Musashi as a leading company of Sensor Light」

Our company is not a company with high technology, but employee works everyday with outstanding feeling and sensitivity. It makes creativity and innovated products from one to the next.

Our mission is 「 Employee Growth 」 We keep this corporate culture and proceed for the future.

Musashi Hardware Mfg.Co.,Ltd.
